PROFESSIONAL SUMMARY

Results-driven business graduate with hands-on experience managing operations, finances, community programs, and digital systems. Combines strong operational leadership with practical technical skills in WhatsApp Cloud API bot development, workflow automation (n8n, Make), and website design on WordPress and Wix. Proven track record of growing revenue, improving member satisfaction, and introducing systems that increase efficiency. Seeking a hybrid operations and technology role where I can streamline business processes, automate repetitive work, and deliver measurable growth.

CORE COMPETENCIES

- Business Operations & Strategy
- Revenue Growth & Financial Oversight
- Budgeting, Petty Cash & Supplier Management
- Program & Event Coordination
- Training & Workshop Facilitation
- Community Engagement & Member Onboarding
- Marketing Support & Social Media Content
- Leadership & Team Management
- Process Improvement & Internal Systems Design
- Written & Verbal Communication

TECHNICAL SKILLS

- **WhatsApp Bot Development:** Meta WhatsApp Cloud API, conversational flows, AI-powered assistants, automated customer support
- **AI & Generative Tools:** ChatGPT, Claude, Gemini for content, research, and productivity; building AI chatbots and conversational assistants; integrating OpenAI and other AI APIs into automated workflows; AI-assisted design and marketing asset creation
- **Workflow Automation:** n8n, Make (Integromat), multi-app integrations, AI-driven workflows, API connections, scheduled jobs
- **Website Design & CMS:** WordPress, Wix, e-commerce stores, landing pages, booking flows, domain and hosting setup
- **E-commerce:** Product catalog setup, payment integration, order management, customer-facing storefronts
- **Tools & Platforms:** Google Workspace, Microsoft 365, Mailchimp, Canva, Asana, ClickUp, Meta Business Suite, Social media platforms

SELECTED PROJECTS

My Joyfulday — Event Planning Platform & WhatsApp Bot — myjoyfulday.com

Designed and built a full event-planning web platform serving 50K+ events and 1M+ guests, featuring 50+ customizable templates, guest management, RSVP tracking, and gift registry. Additionally developed a WhatsApp-

based customer support and AI event-assistant bot ("Jitabi") that lets users plan and manage events entirely through WhatsApp, reducing support load and onboarding friction.

AutoShine Kenya — E-commerce Store — autoshine.co.ke

Built a complete e-commerce website for a car-care retailer selling dashboard cleaners, spray paints, and detailing products. Implemented product catalog, filtering, sorting (price, rating, newest), and a recently-viewed section, giving the business a professional online storefront and direct sales channel.

Deriv Champions — Forex Trainer Website — derivchampions.com

Designed and deployed the official website for a Kenyan forex trading mentor (500+ traders trained), including booking flow, Deriv affiliate integration, programme structure pages, and conversion-focused landing sections. Site positions the trainer as a credible authority and drives session bookings.

WORK EXPERIENCE

Kisumu Hub Manager

Kisumu Hub | Kisumu, Kenya

November 2023 – May 2025

- Grew hub revenue by 50% in Year 1 and an additional 30% in Year 2 through improved member acquisition, retention, and operational efficiency.
- Managed daily operations of the coworking space, ensuring a clean, reliable, and professional environment that consistently met member expectations.
- Onboarded new members and delivered fast, friendly customer service, resolving issues quickly and improving overall member satisfaction.
- Coordinated space bookings and managed internet, equipment, and shared resources, significantly reducing service disruptions and booking conflicts.
- Handled supplier relations, paid bills on time, tracked petty cash, and maintained clear financial records, strengthening accountability and cost control.
- Organized and facilitated multiple events, training sessions, and community meetups that boosted engagement and strengthened the hub's visibility in Kisumu.
- Introduced lightweight internal systems including member sign-in processes, routine maintenance tracking, and usage logs, improving operational efficiency and reporting.
- Supported marketing efforts by producing and sharing social media updates and content, helping attract new members and promote hub activities.

Business Development Intern

Pamela Steele Associates

October 2023 – November 2023

- Supported the business development team in identifying potential clients and new market opportunities.
- Prepared, formatted, and proofread marketing proposals and reports for client-facing use.
- Assisted with research and outreach activities that strengthened the company's pipeline of leads.

Supply Chain Game Coordinator (Internship)

Pamela Steele Associates

July 2023 – October 2023

- Led the planning and execution of a supply chain simulation game designed to teach participants real-world logistics, procurement, and decision-making.
- Recruited and managed participants including small business owners, students, and professionals.

- Coordinated all logistics — venue setup, materials preparation, and session timing — to ensure smooth delivery.
- Worked closely with facilitators and subject matter experts to ensure content was clear, engaging, and aligned with learning objectives.
- Collected participant feedback and prepared a short report with recommendations to improve future sessions.
- Designed and distributed promotional content to raise awareness and attract attendees.

EDUCATION

Bachelor of Entrepreneurship — Second Class Honours (Upper Division)

Egerton University | 2019 – 2023

Kenya Certificate of Secondary Education (KCSE) — Mean Grade C+

Barding Boys High School (2014 – 2016) and Kamnara Mixed Secondary School (2016 – 2018)

LEADERSHIP

- School President, Kamnara Mixed Secondary School (2016 – 2018)
- Supply Chain Game Coordinator, Pamela Steele Associates (2023)

LANGUAGES

- English — Fluent
- Kiswahili — Fluent

PERSONAL ATTRIBUTES

Hardworking and highly ethical | Honest, kind, and smart | Highly motivated and self-driven | Fast learner

INTERESTS

Reading business books | Volunteering in community events | Designing websites | Exploring new productivity and automation tools
